

What parents are saying about our school...

“My 7 year-old daughter, Lyric, transferred from an environment that supported students aggressively taunting one another. I was in desperate search of a school that not only promoted academic achievement, but one that created a positive, learning environment that Lyric could feel emotionally secure and free of constant provoke. A place where her voice would be understood, encouraged and respected. Henry Ford Academy: Elementary School is that place! I can now leave her in school and not be emotionally torn about what the day may bring. I sincerely thank Dr. Lewis and his Awesome Staff for being ‘doers’ of their words.”

-Tracy L. Taylor

“Henry Ford Academy: Elementary School’s staff and curriculum have provided my son with support and encouragement to reach his fullest potential. I have seen a tremendous growth in my son beyond what we thought possible. The staff is dedicated, caring and engaged to a degree I have never seen before in any school setting, as I have raised two other children and have 20 years experience in dealing with different schools systems across Michigan. I would recommend Henry Ford Academy: Elementary School to any parent who wishes to have their child equipped to compete in a global environment.”

-Stephanie Kuczynski

“I have witnessed in a few short months my daughter’s transformation from ‘hating school’ to excelling and welcoming the challenge. The intimate environment at Henry Ford Academy: Elementary School allows her to test her socio-emotional boundaries in a safe place while progressing academically. The design-thinking curriculum has broadened her horizons and engaged her at a level that was missing in other programs.

My best moment this school year as a parent came when my child began to look beyond the present and came up with a plan of her own to one day be a part of the next grade level (the studio with the footprints on the wall traveling through the continents). She has even begun planning towards what it will take to accomplish her goals. This type of applied thinking is leaps and bounds beyond mere grade level metrics.

I am grateful for a place where teachers, administrators, and staff know my daughter’s name. At Henry Ford Academy: Elementary School there is a demonstrated core value that every child’s passion, purpose, and potential are cultivated and honored. For this I am truly thankful. I am proud to be a part of the Henry Ford Academy: Elementary School family.”

- Kimberly Elyse, Ph.D.
