Subject: District Calendar Extended

Dear HFA: School for Creative Studies and HFA: Elementary School Families:

Now that the month of April has arrived, we are hoping that all the severe weather is behind us, and we can count on holding school every day that is scheduled for the remainder of the school year.

Unfortunately, because of the unusually high number of days we closed school during the winter due to extreme weather, we are required to extend our District's 2014-2015 school year by one day, in order to comply with State of Michigan regulations.

**The last day of school for this school year will now be Wednesday, June 17, 2015. All of our District's students (grades K-11) will be expected to attend school on that day.**

We ask for your cooperation to ensure your student attends school that day, as it affects his or her individual attendance record and funding for our school.

Thank you for supporting a strong finish to the end of this school year. If you have any questions, please contact your building principal.
